Dedication

Having taught thirty years at Winfield High School, Mrs. Bostick has spent almost one half of her life being an instructor and friend to all students. Every day she displayed the fulfillment and enjoyment of her profession. Her suggestions and opinions have always been respected for the value and thought they contain. Using her many teaching talents and creative abilities, Mrs. Bostick made even the most boring subject come alive to her students. Each senior can truly appreciate the help and advice she has given in every senior activity. She has helped many back onto the road to graduation when they have knowingly or unknowingly drifted behind. Mrs. Bostick will truly be missed at Winfield High School but will always remain in our hearts as the lady whom we consider the world's greatest teacher. The Senior Class of 1973 and the Annual Staff proudly and lovingly dedicate the 1973 PIRATE to MRS. VELDA BOSTICK, a friend to all.

Thomas!

Another year and another time to find words to say how I feel like I've had much fun since I met you. I know we've had our good times plus our bad but if you put them on a scale the good out weighs the bad and that's what really counts. I hope we go on this way and I'm sure we will because we have something much more than just good times.

You are so kind to me and I guess you could say you have spoilt me rotten? But all in all I want to tell you thanks. I have enjoyed every minute of it. I know no one else would do the things you do for me. And I will never, in my entire life, forget you and all the beautiful moments we have had together. You lift me up when I am down and you're always there when I need you most. I feel sorry for all the girls who don't have someone like you for they are really missing out on a lot. I am very happy and my ambition is to stay as happy as I am now for I could not wish for anything more. Besides when you have what we have - what more could you want? I want to go on living and having a good time. I'm sure we will as long as we are together. Please don't ever forget that I love you first, last and always! Now my constant prayer is that God will guide you in the right direction and keep you always safe for me. You know they

are some things you can't write on paper
so to better explain how I feel, I found
this poem that reminds me of you.

How lonely I must be
searching for happiness,
unaware of the beauty you possess,
never realizing how much warmth
you really can give.

If I could,
I would show you
how you are
through my eyes.

Then you could see
how important you are.

My world is happy
because of you.

With love,
Paula
